# As Country Director Belgium, Xavier Van Reeth will lead Montea's continuing growth story in Belgium.

As from April, Xavier Van Reeth will join the Montea team as Country Director Belgium. In this role, he will lead the Belgian team that's responsible for managing existing clients as well as the further growth of the property portfolio in Belgium. As regards managing the existing portfolio, the focus will be on maintaining the strong results through delivering optimal service and a thorough customer care service. With regard to growth, the focus will be on further expanding the portfolio through in-house developments, sale-and-rentbacks and strategic partnerships with both landowners and developers.

With the arrival of Xavier Van Reeth, Montea brings on board more than 15 years of experience in the logistics real estate sector. For the past 10 years, Xavier has worked as Head of Industrial & Logistics at CBRE, which will continue to be a leading real estate partner. Xavier has an excellent reputation as a team player and has a vast experience in servicing logistics players. This makes him a perfect fit with Montea's DNA and reputation.

**Jo De Wolf, CEO Montea:** *"I would like to warmly welcome Xavier to our team. His experience and network will be an absolute added value for our presence and further growth in Belgium. A separate country director for Belgium gives us the opportunity to better focus on delivering excellent service to Belgian clients, combined with the further growth of the real estate portfolio."*

**Xavier Van Reeth Country Director Belgium:** *"I am very much looking forward to join Montea. Like CBRE, an organisation with a clear vision on the future of logistics real estate, and with an ambitious team to respond to this quickly and agilely. Montea is well placed to tackle its clients' future real estate and sustainability challenges, and to help execute these projects as a partner."*

Peter Demuynck, current CCO of Montea and active within the company for more than 12 years, has decided to focus on a personal project aimed at young people with emotional and/or mental problems ("Plan B"), and in this sense will partially wind down his current activities within Montea. All tasks around business development and asset management in Belgium will be taken over by Xavier Van Reeth from April 2023. Within Montea, Peter will focus on the various forms of innovation that are key for the future successful and sustainable growth of the company across the different countries.
