1. RENEWAL AND REPLACEMENT OF THE AUTHORISATION CONCERNING THE AUTHORISED CAPITAL

- a) Acknowledgment of the report of the sole director established pursuant to article 7:199 of the Code of companies and associations.

As this agenda item is for information only, no proposal resolution is included concerning this agenda item.

- b) Renewal and replacement of the authorisation concerning the authorised capital.

Proposed resolution: The extraordinary shareholders' meeting decides to renew the authorisation granted

to the sole director, published in the Annexes to the Belgian Official Gazette of 1 March 2023, and to replace it with a new authorisation, for a period of five years as from the publication of this decision in the Annexes to the Belgian Official Gazette, to increase the capital, in one or several instalments, on the dates and on the conditions it shall determine, with a maximum amount of:

- (a) 50% of the amount of the capital on the date of the extraordinary shareholders' meeting that approves the authorisation, for public capital increases by contribution in cash whereby the option is provided for the shareholders of the Company to exercise the preferential subscription right or the irreducible allocation right;
- (b) 50% of the amount of the capital on the date of the extraordinary shareholders' meeting that approves the authorisation, for capital increase in the framework of the distribution of an optional dividend;
- (c) 10% of the amount of the capital on the date of the extraordinary shareholders' meeting that approves the authorisation, for capital increases by way of contribution in cash without the possibility for the shareholders of the Company to exercise the preferential right or irreducible allocation right, provided that the board of directors may increase the capital in accordance with this paragraph (c) only to the extent that the cumulative amount of capital increases carried out in accordance with this paragraph (c) over a twelve-month period does not exceed 10% of the amount of capital at the time of the decision to increase the capital;
- (d) 10% of the amount of the capital on the date of the extraordinary shareholders' meeting that approves the authorisation, for (i) a capital increase by way of contribution in kind (other than as referred to in paragraph (b) above), or (ii) any other kind of capital increase not referred to in paragraphs (a) to (c) above;
it being understood that the capital within the context of the authorised capital can, in total, never be increased with an amount higher than the capital on the date of the extraordinary meeting that approves the authorisation.

As from the publication of this authorisation in the Annexes to the Belgian Official Gazette, the existing authorisation regarding the authorised capital, as published in the annexes to the Belgian Official Gazette of 1 March 2023, will lapse and be replaced by the proposed authorisation.

Should the proposed authorisation or the new text of the articles of association not be approved, the existing authorisation with regard to the authorised capital, as published in the annexes to the Belgian Official Gazette of 1 March 2023, will continue to apply.

On 20 December 2023 the FSMA has approved the proposed authorisation and the according amendments of the articles of association, subject to the decision of the extraordinary shareholders' meeting.

This proposed resolution is subject to a special majority of at least three-quarters of the votes cast, where abstentions are neither included in the numerator nor in the denominator. At least half of the capital must be present or represented for the extraordinary shareholders' meeting to validly deliberate and decide on this proposal.

Following this new authorisation, article 6.3 of the articles of association is replaced by the following text:

"6.3 Authorised capital

The board of directors is authorised to increase the capital in one or several instalments on the dates and in accordance with the conditions as it will determine, in accordance with applicable law, by a maximum amount of:

- (a) *two hundred and five million thirty-seven thousand four hundred and three euro eighty-nine cents (€ 205,037,403.89) for public capital increases by contribution in cash whereby the option is provided for the shareholders of the Company to exercise the preferential subscription right or the irreducible allocation right;*
- (b) *two hundred and five million thirty-seven thousand four hundred and three euro eighty-nine cents (€ 205,037,403.89) for capital increases in the framework of the distribution of an optional dividend;*
- (c) *forty-one million seven thousand four hundred and eighty euro seventy-eight cents (€ 41,007,480.78), for capital increases by way of contribution in cash without the possibility for the shareholders of the Company to exercise the preferential right or irreducible allocation right, provided that the board of*

directors may increase the capital in accordance with this paragraph (c) only to the extent that the cumulative amount of capital increases carried out in accordance with this paragraph (c) over a twelve-month period does not exceed 10% of the amount of capital at the time of the decision to increase the capital;

- (d) forty-one million seven thousand four hundred and eighty euro seventy-eight cents (€ 41,007,480.78) for (i) a capital increase by way of contribution in kind (other than as referred to in paragraph (b) above), or (ii) any other type of capital increase not referred to in paragraphs (a) to (c) above; it being understood that, in any event, the board of directors will never be able to increase the capital by more than the maximum amount of four hundred and ten million seventy-four thousand eight hundred and seven euro seventy-seven cents (€ 410,074,807.77).

This authorisation is granted for a period of five (5) years from the publication of the minutes of the extraordinary shareholders' meeting of 25 January 2024.

In the event of a capital increase accompanied by a payment or placement of an issue premium, only the amount subscribed to the capital shall be deducted from the usable permanent amount of the authorised capital. When capital increases decided pursuant to these authorisations include an issue premium, the amount thereof should be booked on one or more own separate equity accounts on the liabilities side of the balance sheet.

The capital increases thus decided by the board of directors can be carried out by way of a contribution in cash or contribution in kind in accordance with the applicable legislation, or by way of an incorporation of reserves or issue premiums with or without creation of new shares. The capital increases may give rise to the issue of shares with or without voting rights. These capital increases may also be made by issuing convertible bonds or subscription rights – whether or not attached to another movable asset – which may give rise to the issue of shares with or without voting rights.

Capital increases by way of a contribution in kind are carried out in accordance with the conditions set out in the RREC Legislation and in accordance with the conditions set out in the articles of association. Such contributions may also relate to the dividend right in the context of the distribution of an optional dividend.

The board of directors is entitled to cancel or limit the preferential right of the shareholders, even if this benefits particular persons other than employees of the Company or its subsidiaries, insofar as and to the extent required by the RREC Legislation, an irreducible allocation right is granted to the existing shareholders when allocating new securities. Where applicable this irreducible right of attribution complies with the conditions set out in the RREC Legislation and the articles of association. Without prejudice to the application of the applicable regulations, the aforementioned restrictions in the context of the cancellation or limitation of the preferential right shall not apply in case of contribution in cash with cancellation or limitation of the preferential right, (i) in the context of the authorised capital where the cumulative amount of the capital increases carried out in accordance with article 26, §1, third paragraph RREC legislation over a period of twelve (12) months, does not exceed ten percent (10%) of the amount of capital at the time of the capital increase decision, or (ii) following a contribution in kind in the context of the distribution of an optional dividend to the extent that this is effectively made payable to all shareholders."
